Dear Mr. Corcoran,

Cornerstone Church wants you to know how much we appreciate the excellent job your company did in completing our new facilities. A \$2.5 million dollar expansion project can certainly be a daunting task. Thank you for the way you led us through this building experience. From start to finish, it has been a pleasure to work with you and your company.

With our buildings now completed, there are many things I could praise your company for. Let me share just a few of the "extra" things we appreciated about our experience with you.

One, we appreciate your commitment to quality work. Even when a sub-contractor faltered, cut a corner or made a mistake you always made good on their work. Thank you for your commitment to excellence and our satisfaction.

Two, we greatly appreciated your willingness and even your assistance with certain elements of the work we did ourselves. The work you allowed and even helped us complete "in-house" saved us thousands of dollars.

Three, we are especially grateful for the way you were willing to work with sub-contractors from our own church. Thank you for the patience, professionalism and consideration you extended to each of them.

Four, thank you for standing by your work long-term. Your willingness and prompt response to all our concerns AFTER the project was completed and paid for have been a testimony to the integrity of your company. Thank you for following up and calling us numerous times to see if any new concerns may have surfaced.

We look forward to working with Corcoran Construction on future building projects.

Sincerely,

Nathan Blackwell
