Lee Corcoran, President
Corcoran Construction, Inc.
360 Crown Oaks Center Drive
Longwood, Florida 32750

Dear Lee,

On behalf of our whole church family, I want to thank you for the tremendous job done by you, your staff and Phillip Delorio in the construction and management of the expansion project of our sanctuary. Everyone is very pleased with the finished construction and how the sanctuary now looks and meets our worship requirements.

Additionally, the church's pastors and staff were impressed by the way you were able to coordinate and schedule the construction so that there were no interruptions in the use of our building, which is used constantly.

I want to personally thank you for your efforts in cost savings through value engineering and making suggestions during the construction to improve our worship space. It was pleasure working with you and look forward to having you work on our next construction project.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward C. Abt".

Edward C. Abt
